Ahoy Twilio User,

**What is happening?**
In order to consolidate all our Twilio accounts and users under one umbrella, we will be utilizing Twilio’s Organizations ([https://www.twilio.com/docs/iam/organizations/](https://www.twilio.com/docs/iam/organizations/)). As part of this effort, your account and user login will be migrated into our Twilio Organization.

**When is this Happening?**
<We recommend notifying your users at least 2 weeks ahead of the migration>

**Why is this Happening?**
Having a Twilio Organization will allow our company to take advantage of additional features as well as manage all our accounts and users at scale.

**How am I affected?**
All accounts that are owned by your user will become part of our Organization. You can reach out to the Twilio Support Team ([https://support.twilio.com](https://support.twilio.com)) with any questions or concerns.
